

Market View

For the latest insights from MOTORS.

Welcome to our monthly Market View. We've analysed activity across the MOTORS platform to provide insights into stock, price, days to sell and demand by consumers based on what they are viewing, including: manufacturers, models and the increasing interest in electric and hybrid vehicles. We look at comparison time periods so that you can spot emerging trends on a month-by-month basis.

Vehicle listings by fuel type

The average price of a used car listed on MOTORS is up +2.0% (£348) YoY.

In more recent months electric vehicle prices have increased to £25,474, up +1.8% MoM (£315), although this was down YoY by -8.5% (£2,633).

About MOTORS

MOTORS is an advertising ecosystem helping dealers to reach millions of in-market car buyers and sell cars fast.

It provides dealers with access to multisite advertising across some of the UK's best loved destinations for used cars, led by its specialist automotive site MOTORS (www.motors.co.uk), as well as through partnerships with eBay, Gumtree and Parkers. This creates a cost-effective advertising platform reaching buyers across the digital car search journey, which typically sees them visit on average 3.9 sites.*

The Cazoo brand was acquired by MOTORS in June 2024 and was relaunched as a used car search marketplace in April 2025 with more than 300,000 listings providing even greater online visibility for car dealers. Along with a new app it has become the flagship brand in the MOTORS network. Retailers enjoy the simplicity of a single upload, one point of contact and access to a stock management and response reporting centre, ensuring that it is a time-efficient and a value-packed way to advertise.

Each month MOTORS publishes a Market View analysis of the key used car trends across its platform, detailing average pricing, stocking levels and consumer demand. This data provides valuable insight for dealers across the UK.

Since 2021, MOTORS has been owned by O3 Industries and Novum Capital.

For more information, please visit www.dealer.motors.co.uk
